Canada LLP + Residency Georgia

The Canada LLP, for example, has the advantage of that it is not subject to corporate income tax or levies withholding taxes. According to this, all profits that you generate through your Canadian company are simply passed on to you and your partner(s), so that you have to take care of the income tax in your country of residence. We set up a complete residence for you including bank account and platinum credit cards in Georgia. Income from abroad is legal, 100% tax-free in Georgia.

01 High reputation

High reputation

Canada, a high-tax country, is one of the wealthiest countries in the world; it is a member of the WTO, the OECD, the IMF, the World Bank and the G7. In terms of gross domestic product, Canada is second only to 1,529.760 billion in tenth place.

With a company headquarters in Canada, you enjoy the highest reputation worldwide!

02 No taxes

No taxes

Canada LLP is currently the best choice if you want to set up a company abroad. The LLP company form stands for "Limited Liability Partnership". So, it is a partnership that must consist of at least 2 partners! At least on paper. But more on that later.

With the Canada LLP (Canadian Limited Liability Partnership) it is possible to own a legal and highly respected Canadian company abroad, with which you do not pay taxes or only have to pay small duties if at all!

Of course, it also depends on the country in which you live. We will set up a residence in Georgia for you.

03 No accounting

No accounting

If you don't have any clients in Canada, you don't have to pay taxes in Canada, so you don't have to file a tax return or keep your accounts! Canada LLP is a so-called flow-through structure.

According to this, revenues and profits are passed on directly to all partners.
